

Planning and Scheduling in Primavera Project Planner (P3) Rel 3

Duration: 3 Days

What you will learn

This course covers getting started with P3 through hands-on, basic training. Participants will gain a thorough background in the concepts of planning and scheduling while learning P3. The course leads you through nine hands-on workshops that create and track an entire project to completion, using the three basic elements of project management: schedule, resources, and costs. Scheduling techniques will be covered.

Profession Development and Continuing Education Units:
Earns 19.5 PDUs and 1.95 CEUs

PMI Program Number - 601PPP
Professional Development and Continuing Education Units:

Learn to

- Define the project and coding structures
